PROFESSIONAL SUMMARY

Results-driven Business Development Manager with 2+ years of experience in EdTech sales, lead generation, team leadership, and business automation. Currently manages a cross-functional team of 6-7 at a fast-growing EdTech startup, owning both sales pipeline growth and technical automation (certificate generation, payment workflows). Built a company landing page that drives 100+ leads on a regular basis. Proven track record as a Top Performer in Lead Generation and Sales in a previous role. Combines strong business development skills with hands-on web development capability (HTML, CSS, JavaScript, Google Apps Script).

EXPERIENCE

Manager

Apex Skill Technologies (EdTech Startup) | Vijayawada

March 2026 - Present

- Lead a cross-functional team of 6-7 (full-time employees and interns), overseeing both sales operations and technical automation initiatives
- Manage lead generation and sales pipeline for the company's EdTech programs in a startup environment
- Designed and built the company's landing page for lead-generation automation, consistently generating 100+ leads on a regular basis
- Own automation systems for certificate generation and Razorpay payment data workflows, reducing manual effort and improving accuracy
- Bridge business development and technical operations, applying hands-on web development and scripting skills to streamline workflows
- Mentor and guide interns, building team capability alongside sales execution
- Report directly on sales performance and operational metrics to founders, informing strategic decisions on hiring, pipeline priorities, and growth initiatives
- Leverage AI-assisted tools to accelerate landing page development and automation scripting, cutting build time and enabling faster iteration on lead-gen experiments

Business Development Executive (BDE) | Team Lead - Sales Team

Ediglobe (EdTech Company) | Bangalore

March 2024 - February 2026

- Generated and nurtured leads across multiple social media platforms, converting prospects into sales and driving revenue growth
- Recognized as Top Performer in both Lead Generation and Sales across the team and organization for two consecutive months
- Led a sales team of 2, optimizing both lead generation and sales workflows to improve pipeline efficiency
- Managed direct sales cycles, closing deals that contributed to overall company sales targets
- Developed and executed B2B sales strategies, forming partnerships to expand business opportunities
- Collaborated with internal teams to market internship and certification programs in partnership with industry leaders including IBM and Microsoft
- Analyzed sales and lead data to identify trends, improve conversion rates, and streamline processes
- Consistently ranked among the top performers company-wide for six-plus months over a two-year tenure, reflecting sustained, repeatable sales results rather than a single high-performing period
- Promoted from individual contributor to Team Lead within the sales organization, reflecting recognized leadership potential and performance
- Coached new hires on outbound prospecting and CRM hygiene as Team Lead, helping shorten the ramp-up period for incoming sales reps
